Information for Children and parents / carers.

Alongside your regular reading and times table homework activities, over the next term, you have been asked to complete as many of these activities as possible! You do not have to do them all. There are four compulsory activities that have a ***C** placed next to them that you must complete. (2 for each $\frac{1}{2}$ term) Once you have completed a homework activity please bring it into school to share with you class mates. Parents / carers, can you please date when the homework is completed. If you should need resources to help, eg. paper, pencils, rulers, colours, please let us know and we will provide these.

THANK YOU FOR YOUR SUPPORT WITH THESE ACTIVITIES. Remember, we intend for this to have many benefits, such as:

- Developing your child's enthusiasm and engagement in their learning;
- Providing opportunities for your child to explore and learn more independently;
- Opening up opportunities for children to create and present learning according to their own preferences and talents;
- Offering ways for yourself and your child to share a learning experience.
